

Prescription for Special Diet/Meal at School
Physician Authorization Form

The U.S. Department of Agriculture's (USDA) nondiscrimination regulation (7 CFR 15b), as well as the regulations governing the National School Lunch Program and School Breakfast Program, make it clear that substitutions to the regular school meal must be made for children who are unable to eat school meals because of their disabilities, when that need is **certified by a licensed physician**. However, when possible, Food & Nutrition Services will try to make substitutions for medically certified dietary needs, even if it does not qualify as a disability. After this form is returned to the student's school nurse, a special dietary note will be placed in the student's meal account. One form per student must be completed, as needed, for each school year.
